

RACHAEL EUBANKS STATE TREASURER

January 7, 2020

Leslie Fisher DDP Specialty Electronic Materials US, Inc. P.O. Box 2899 Wilmington, DE 19805

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-0120, to DDP Specialty Electronic Materials US, Inc. located at 3400 S. Saginaw Road Unit 96, Water Cooling Facilities, in the City of Midland, Midland County. This certificate was issued at the December 17, 2019 meeting of the Commission and the amount approved for exemption is \$162,231.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$162,231. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-0120

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **DDP Specialty Electronic Materials US, Inc.**, as described in the approved application, located at **3400 S. Saginaw Road Unit 96, Water Cooling Facilities**, **City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **3400 S. Saginaw Road Unit 96, Water Cooling Facilities**. The total cost of the facility entitled to exemption is **\$162,231**.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water;

Certificate Effective Date: May 28, 1991.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water;

Certificate Effective Date: December 20, 1993.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

January 7, 2020

Leslie Fisher DDP Specialty Electronic Materials US, Inc. P.O. Box 2899 Wilmington, DE 19805

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-0552, to DDP Specialty Electronic Materials US, Inc. located at 3400 S. Saginaw Road Unit 96, 297 Bldg., in the City of Midland, Midland County. This certificate was issued at the December 17, 2019 meeting of the Commission and the amount approved for exemption is \$55,000.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$55,000. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-0552

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **DDP Specialty Electronic Materials US, Inc.**, as described in the approved application, located at **3400 S. Saginaw Road Unit 96, 297 Bldg.**, **City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **3400 S. Saginaw Road Unit 96, 297 Bldg.**. The total cost of the facility entitled to exemption is **\$55,000**.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water;

Certificate Effective Date: November 14, 1975.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-1056

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **DDP Specialty Electronic Materials US, Inc.**, as described in the approved application, located at **3400 S. Saginaw Road Unit 96, 963 Building - Sewer System & Acid Handling, City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **3400 S. Saginaw Road Unit 96, 963 Building - Sewer System & Acid Handling**. The total cost of the facility entitled to exemption is **\$277,684**.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water;

Certificate Effective Date: May 28, 1991.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

Michael Ford Dow Agrosciences, LLC P.O. Box 2909 Wilmington, DE 19805

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-1058, to Dow Agrosciences, LLC located at Midland, Michigan Operations - Washington Street; 489 Building - Herbicides Tank Car and Tank Truck Loading Station Dikes, in the City of Midland, Midland County. This certificate was issued at the December 17, 2019 meeting of the Commission and the amount approved for exemption is \$53,605.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$53,605. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-1058

The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$14,000. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-1562

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **DDP Specialty Electronic Materials US, Inc.**, as described in the approved application, located at **3400 S. Saginaw Road Unit 96, 298 Building, City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **3400 S. Saginaw Road Unit 96, 298 Building**. The total cost of the facility entitled to exemption is **\$14,000**.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water:

Certificate Effective Date: December 11, 1985.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-1565, to DDP Specialty Electronic Materials US, Inc. located at 3400 S. Saginaw Road Unit 96, 719 Building, in the City of Midland, Midland County. This certificate was issued at the December 17, 2019 meeting of the Commission and the amount approved for exemption is **\$9,813**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$9,813. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$67,218. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-1729

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **Dow Agrosciences, LLC**, as described in the approved application, located at **Midland, Michigan Operations** - **Washington Street; GRC/ABS Blending Facility, City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **Midland, Michigan Operations - Washington Street**; **GRC/ABS Blending Facility**. The total cost of the facility entitled to exemption is **\$67,218**.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water:

Certificate Effective Date: December 20, 1993.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-1730, to Dow Agrosciences, LLC located at Midland, Michigan Operations - Washington Street; 948 Building - Wastewater Tanks, in the City of Midland, Midland County. This certificate was issued at the December 17, 2019 meeting of the Commission and the amount approved for exemption is \$275,345.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$275,345. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$35,077. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-1833

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **Dow Agrosciences, LLC**, as described in the approved application, located at **Midland, Michigan Operations** - **Washington Street**, **City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **Midland, Michigan Operations - Washington Street**. The total cost of the facility entitled to exemption is \$35,077.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water;

Certificate Effective Date: November 29, 1988.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-1836, to Dow Agrosciences, LLC located at Midland, Michigan Operations - Washington Street; 858 & 1223 Buildings - Dursban Environmental Upgrade, in the City of Midland, Midland County. This certificate was issued at the December 17, 2019 meeting of the Commission and the amount approved for exemption is \$39,978.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$39,978. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

This certificate was issued at the December 17, 2019 meeting of the Commission and the amount approved for exemption is \$433,821.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$433,821. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-1928

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **DDP Specialty Electronic Materials US, Inc.**, as described in the approved application, located at **3400 S. Saginaw Road Unit 96, 353 Building - T/C Spill Containment, City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **3400 S. Saginaw Road Unit 96, 353 Building - T/C Spill Containment.** The total cost of the facility entitled to exemption is **\$433,821**.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water:

Certificate Effective Date: December 28, 1989.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

Therefore, the net exemption for the current year for this facility is \$95,093. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-2241

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **Dow Agrosciences, LLC**, as described in the approved application, located at **Midland, Michigan Operations** - **Washington Street**, **City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **Midland, Michigan Operations - Washington Street**. The total cost of the facility entitled to exemption is **\$95.093**.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water;

Certificate Effective Date: September 4, 1991.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-2243, to Dow Agrosciences, LLC located at Midland, Michigan Operations - Washington Street, in the City of Midland, Midland County. This certificate was issued at the December 17, 2019 meeting of the Commission and the amount approved for exemption is \$258,209.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$258,209. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-2536

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **Dow Agrosciences, LLC**, as described in the approved application, located at **Midland, Michigan Operations** - **Washington Street**, **City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **Midland, Michigan Operations - Washington Street**. The total cost of the facility entitled to exemption is **\$35,000**.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water;

Certificate Effective Date: December 8, 1992.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

Leslie Fisher DDP Specialty Electronic Materials US, Inc. P.O. Box 2899 Wilmington, DE 19805

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-2574, to DDP Specialty Electronic Materials US, Inc. located at 3400 S. Saginaw Road Unit 96, Building 1355, in the City of Midland, Midland County. This certificate was issued at the December 17, 2019 meeting of the Commission and the amount approved for exemption is \$6,551,963.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$6,551,963. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-2574

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **DDP Specialty Electronic Materials US, Inc.**, as described in the approved application, located at **3400 S. Saginaw Road Unit 96, Building 1355**, **City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-3061

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **Dow Agrosciences, LLC**, as described in the approved application, located at **Midland, Michigan Operations** - **Washington Street**, **City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **Midland, Michigan Operations - Washington Street**. The total cost of the facility entitled to exemption is **\$72,518**.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water;

Certificate Effective Date: December 28, 1995.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

Michael Ford Dow Agrosciences, LLC P.O. Box 2909 Wilmington, DE 19805

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-3186, to Dow Agrosciences, LLC located at Midland, Michigan Operations - Washington Street; 1 Building - Bulk Pharmaceuticals Multiproduct Plant, in the City of Midland, Midland County. This certificate was issued at the December 17, 2019 meeting of the Commission and the amount approved for exemption is \$575,118.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$575,118. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-3186

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **Dow Agrosciences, LLC**, as described in the approved application, located at **Midland, Michigan Operations - Washington Street; 1 Building - Bulk Pharmaceuticals Multiproduct Plant, City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **Midland, Michigan Operations - Washington Street; 1 Building - Bulk Pharmaceuticals Multiproduct Plant**. As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$2,112,909. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-4774

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **Dow Agrosciences, LLC**, as described in the approved application, located at **Midland, Michigan Operations** - **Washington Street**; **969 Building** - **DEDS Plant**, **City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **Midland, Michigan Operations - Washington Street**; 969 **Building - DEDS Plant**. The total cost of the facility entitled to exemption is \$2,112,909.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water;

Certificate Effective Date: November 30, 2004.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

RACHAEL EUBANKS STATE TREASURER

January 7, 2020

Michael Ford Dow Agrosciences, LLC P.O. Box 2909 Wilmington, DE 19805

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-4855, to Dow Agrosciences, LLC located at Midland, Michigan Operations - Washington Street; AG Chemical Manufacturing Building, in the City of Midland, Midland County. This certificate was issued at the December 17, 2019 meeting of the Commission and the amount approved for exemption is \$1,249,994.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$1,249,994. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-4855

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **Dow Agrosciences, LLC**, as described in the approved application, located at **Midland, Michigan Operations** - **Washington Street**; **AG Chemical Manufacturing Building**, **City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **Midland, Michigan Operations - Washington Street; AG Chemical Manufacturing Building**. The total cost of the facility entitled to exemption is \$1,249,994.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water:

Certificate Effective Date: November 30, 2004.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

The total cost of the facility entitled to exemption is **\$6,103,932**.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water;

Certificate Effective Date: August 26, 2014.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.

RACHAEL EUBANKS STATE TREASURER

January 7, 2020

Michael Ford Dow Agrosciences, LLC P.O. Box 2909 Wilmington, DE 19805

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-6305, to Dow Agrosciences, LLC located at Midland, Michigan Operations - Washington Street; Chemical Distribution - 948 Building, in the City of Midland, Midland County. This certificate was issued at the December 17, 2019 meeting of the Commission and the amount approved for exemption is \$1,167,945.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is \$0. Therefore, the net exemption for the current year for this facility is \$1,167,945. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Community Services Division at (517) 335-7461.

Sincerely,

David A. Buick, Executive Director State Tax Commission

Certificate No. 2-6305

Pursuant to the provisions of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby finds that the facility, owned or leased by **Dow Agrosciences, LLC**, as described in the approved application, located at **Midland, Michigan Operations** - **Washington Street; Chemical Distribution** - **948 Building**, **City of Midland**, County of **Midland**, Michigan, is designed and operated primarily for the control, capture, and removal of industrial waste from the water, complies with Section 3703 and with other provisions of the act.

Therefore, as provided by Public Act 451 of 1994, Part 37, as amended, the State Tax Commission hereby certifies the **pollution control facility** property, as described in the approved application, located at **Midland, Michigan Operations - Washington Street; Chemical Distribution - 948 Building**. The total cost of the facility entitled to exemption is \$1,167,945.

This certificate provides the authority for the assessor to exempt the pollution control facility for which this pollution control exemption certificate is in effect from ad valorem taxation. The tangible personal property is also exempt from sales taxes imposed under Public Act 67 of 1933, as provided by MCL 205.51 to 205.78 and use taxes imposed under Public Act 94 of 1937, provided by MCL 205.91 to 205.111.

This certificate, unless revoked as provided by Public Act 451 of 1994, as amended, shall remain in force as long as the facility is designed and operated primarily for the control, capture, and removal of industrial waste from the water:

Certificate Effective Date: August 26, 2014.

This amended Pollution Control certificate is issued on **December 17, 2019** and supersedes all certificates previously issued.
